

YEAR FOUR IN REVIEW

During the PS14-1403 April 1, 2017 – March 31, 2018 reporting period, CBA@JSI staff focused efforts on supporting the evolving capacity building assistance (CBA) needs of community-based organizations (CBOs) to deliver High-Impact HIV Prevention (HIP) services in alignment with our funded Category B components, **Prevention with HIV-Positive Persons, Prevention with High-Risk HIV-Negative Persons, Organizational Development and Management** and **HIV testing**.

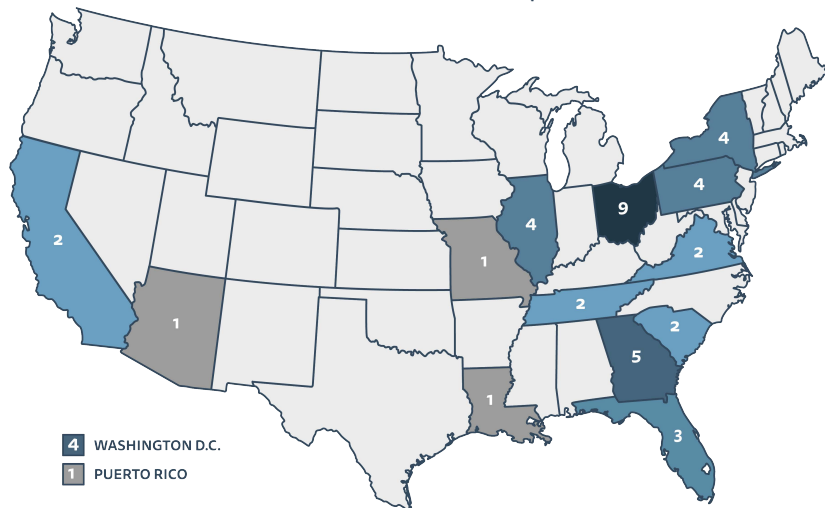

CBA REQUESTS BY COMPONENT

- 38%** Organizational Development and Management
- 26%** Prevention with HIV-Positive Persons
- 28%** Prevention with High-Risk HIV-Negative Persons
- 8%** HIV Testing

WHAT PEOPLE ARE SAYING

"Working with JSI was invaluable. It helped us identify concrete evaluation measures, which we were able to develop from a trauma-informed, anti-oppressive, client-centered approach, reflecting our organizational and program values, while still using a rigorous, evidence-based model. It was astonishing!"

2 TWO-DAY **SKILLS-BUILDING INSTITUTES** FOR CBOS attended by **64** participants

Staff developed and facilitated **High-Impact HIV Prevention in the South** institutes. The institutes were conducted in **Atlanta, Georgia** and **Jacksonville, Florida**.

98%

of institute participants said that the objectives of the skills-building institutes were mostly or fully met.

WHAT INSTITUTE ATTENDEES SAID

"I loved that diverse topics were talked about and that information was delivered from diverse speakers from different walks of life so we can hear not only about data, statistics, but some lived experience."

"The best interactive workshop I have ever attended. The energy was upbeat and I felt as if my questions and opinions were appreciated."
